blood, tears, and blood. Is all I have to give you, it's what I gave my people before the days of a different flag. The same for all the pieces of shit in here, who worship the devil. They're what your people will be if the events of history are true. They're the future of your children's children, and the sons of your sons and daughters and nephews and nieces and the men and women of the world. And when they will have the last laugh your bitch asses will look back in shame and wonder how you sat with your tongue in your whore mother's ass and let them get away with it. They will have no mercy. Worse yet, they will have no words. We will be finished. The less you get in their way the better. But even then you should know they won't stop. So have a nice life, before they make your life a living hell. May death be the only thing to end the nightmares of your people. The New World Order is a beast, and there is nothing that will keep it from its true end. I promise you. You are all nothing compared to the power of the beast of the world. You're so weak. You're weaker than I am. That's why I'll be the one to destroy you, and if you try to stop me you'll be the one to lose. You're nothing, bitch. The Blood of the Beggar (XXXXXXXXXX) (1/7) By: [REDACTED], Yuki Mochizuki, fushin-san, Yoshimaru-san, Hayakawa-san, Nobunaga-san, Senryo-san, Ugajin-san, Taira-san, Yokoyama-san, Hiraga-san, Shimo-san, & Gakki-san The last time we had 5 newcomers to our community, we had a fun time getting to know them. But after that they left, we've been trying to replace them with 2 more. But we were unsuccessful. We'll have to find more people to join us. The thing is, we don't want people who just join to be called "friends" but instead be called "partners". If you're interested in being a partner you can contact us here and we'll see if we can get you into the group 82157476af
